Please read this Privacy Policy before using the site or submitting any personal information.

By using the site, you are accepting the practices described in this privacy policy. These practices may change and those changes will be posted. You are encouraged to review the Privacy Policy whenever you visit the site to make sure that you understand how any personal information you provide will be used.

Collection of Information

In general, you can visit our Site without telling us who you are or revealing any personal information about yourself. However, to provide you with products and services, our Site collects two types of information about its visitors and users: Personally Identifiable Information and Non-Personally Identifiable Information.

Personally Identifiable Information

We collect personally identifiable information, like names, postal addresses, email addresses, etc., when voluntarily submitted by our visitors. The information you provide is used to fulfill your specific order, request or, given your permission, to use in another manner, for example to add you to our mailing list.

We also may use this information to contact you regarding your use of our products or services, or regarding changes to our Privacy Policy, or other policies or terms that affect you and your use of our Web site or our products and services. In addition, we may use such information to improve the content and navigation of our Web site, or for other internal purposes.

Non-Personally Identifiable Information

When you visit our Site, we also may collect some basic Non-Personally Identifiable Information about you. Non-Personally Identifiable Information is collected in order to provide you with satisfactory service. This information may include information regarding your operating system, browser software, and IP (Internet Protocol) address. We may use the information to detect problems with our server and to administer our Site. In addition, Non-Personally Identifiable Information is compiled

by us and analyzed on an aggregate basis.

Cookie/Tracking Technology

To enhance your experience with our site, many of our Web pages use "cookies." Cookies are text files that websites place in your computer's browser to store preferences when using that specific site. Cookies, by themselves, do not tell us your e-mail address or other personally identifiable information unless you choose to provide this information to us by, for example, registering at our site. Once you choose to furnish our site with personally identifiable information, this information may be linked to the data stored in the cookie.

We use cookies to understand site usage and to improve the content and offerings on our site. For example, we may use cookies to personalize your experience at our Web pages (e.g., to recognize you by name when you return to our site), save your password in password-protected areas, and enable you to use shopping carts on our site.

Cookies do not cause damage to your computer systems or files, and only the website that transferred a particular cookie to you can read, modify or delete such cookie. You always have the option of disabling cookies using your browser preferences. Most browsers allow you to delete existing cookies, to automatically decline cookies or to be given the choice of declining or accepting the transfer of particular cookies to your computer. However, please be aware that some features of our Web site may not function properly or may be slower if you refuse cookies. We do not control cookies that you may occasionally get from third-party sites.

Commitment to Data Security

Your personally identifiable information is kept protected through the use of e-mail addresses and passwords. We take appropriate physical, electronic, and other security measures to help safeguard personal information from unauthorized access, alteration, or disclosure. In addition, all emails and newsletters from this site allow you to opt out of further mailings at any time.

Unfortunately, no data transmission over the Internet can be guaranteed to be 100 percent secure. As a result, while we strive to protect your personal information and privacy we cannot guarantee or warrant the security of any information you disclose or transmit to us online and cannot be responsible for the theft, destruction, or inadvertent disclosure of your personal information.

Law Enforcement Cooperation

We will disclose Personally Identifiable Information, after subpoena or written request, to cooperate with a law enforcement investigation. We reserve the right to report to law enforcement agencies any activities that we in good faith believe to be unlawful.
